

April 2nd – 3rd – Mt Beauty, Victoria

Team Mount Beauty

- The TMB Gravity Enduro will be held on the iconic single track of the Big Hill MTB park. Our steep, fast hand cut singletrack is unlike anything else in the North East. We encourage you to come along and race on the trails that have produced many champions!

Entries Opening 2nd March 6:30pm

Location:

- Big Hill Mountain Bike Park, Mt Beauty

Event Details

We will again be running an e-MTB category for both male and female and a “Le Petit Enduro”. The “Le Petit enduro” category is designed for new riders to gravity enduro format and racing, it is shortened to 4 stages and will not include the Honeysuckle stage. As in previous events we will also be running an open hardtail category.

Age categories will be taken from your age on 2nd October 2022 in line with the rest of the VET series.

The U15 category will not include the Honeysuckle stage, to reduce the overall race time as per MTBA recommendations. Riders must be 13 years or older on 2nd October 2022 to enter.

Bonus! Female entrants will receive an honorary ride day club membership to participate in our club Labour day ride day on 11th March. Join some of the local Spoke Sisters of a tour of the mtb park and learn some potential lines for race day. You will require an Auscycling membership to participate in this ride day as well as the Enduro.

2022 Categories & entry fees 2022

- Elite (male & female), 6 stages – \$115
- Under 15yrs (male & female), 4 stages – \$75

2022 Race Stages TBC

Racers will return to the bottom(the car park area) after stages 1, 4, 5 & 6.

- Drinking water will be provided at the bottom of stages 2 & 3.
- Shuttles are provided by TMB only and are included in your entry.
NO self shuttling will be allowed for safety and fairness.
- **Rider numbers capped at 300** so if you're serious get your entries in early! If you miss out the entry platform will still take your entry, but not charge you, and automatically add you to the waiting list.
- Some categories are able to do the + stage 6 option for an additional charge. Stage 6 is the elite track, most difficult. Riders who add stage 6 will also receive an extra shuttle ride on the Saturday. On race day you will be able to get a time on stage 6 BUT you will still be your series category for the event. This is aimed at giving the riders of non-elite categories the opportunity to ride the elite track, whilst still being in their series category for the overall. There will be a cut off time at the end of stage 5 for non elite riders doing stage 6.
- The e-MTB is a race category for e-mtb's that comply with the Australian Standard for an electric power assisted mtb's. We hope this will provide a race weekend for e-mtber's to race with their mates on either mtb's or e-mtb's.
- The "Le Petit Enduro" category is for riders who are new to Enduro or desire a shorter race. It will be 4 stages with 2 liaisons from bottom to top and 2 short liaisons.

Please note: Full-face helmets are mandatory. Protective equipment as per MTBA requirements for Gravity
